

Save time and stay updated with politanalytics.com for your association

Schedule committee and association meetings online, integrated comment function for the protocol, internal positioning and allocation of political business to association members.

How you benefit as an association thanks to politik.ch

<p>Customized to your association</p> <p>Reading rights, assignment of political transactions to association members and group assignment of your association are customizable thanks to role management. This can be done, for example, by experts and generalists in the public affairs department.</p>	<p>Company Switcher</p> <p>If both your company and your company's superior association are customers of ours, you do not need separate logins. Thanks to our Company Switcher you can switch quickly and smoothly between multiple company logins and thus also the different data areas (national / cantonal).</p>
<p>Association management</p> <p>Add association-related comments to affairs, and group and link your affairs to other affairs.</p>	<p>Positioning</p> <p>Complement affairs with internal votes, slogans and weighting according to the relevance for your association. Such complements appear on the timeline.</p>
<p>Schedule sessions</p> <p>Schedule your association meetings directly in the tool. Political affairs can be assigned directly to individuals, groups or member companies and scheduled and protocolled as agenda items in meetings.</p>	<p>Meeting protocol</p> <p>Create individual protocols and reports after each meeting as Word, PDF or Excel for your association members or member companies.</p>
<p>Recording of internal affairs</p> <p>Record internal political affairs that have not yet been officially launched but are already playing a role in your association's work.</p>	<p>Calendar</p> <p>Plan political activities thanks to a clearly arranged calendar.</p>
<p>Team functions</p> <p>Use our collaboration tools and assign different roles and permissions to your employees to increase the productivity of your workflow.</p>	<p>Reporting</p> <p>Create individual reports as Word, PDF or Excel for your association members or member companies.</p>
